BERLIN ★ BRANDENBURG

Come and visit Smart Business Days on the occasion of Metropolitan Solutions 2016 - the world's largest combined congress and trade fair for smart cities!

The **Metropolitan Solutions** combined conference and exhibition puts the spotlight squarely on all of the key challenges facing today's cities. From **31 May to 2 June 2016**, the event will again be held at the Berlin City Cube – its new venue since it was relocated to Berlin the year before. Participants will be treated to the very latest approaches and solutions in innovative urban development. In a series of over 30 independently organized **conferences and workshops**, expert speakers and attendees will address everything of importance to smart and sustainable urban development. The program will be complemented by an exhibition featuring all the smart technologies, solutions and services needed for sustainable, competitive and attractive cities. The core objective of Metropolitan Solutions is to facilitate networking among all urban stakeholders in the interests of efficient and sustainable urban development and to foster international knowledge sharing. Attendees include municipal leaders, investors, providers of key services and solutions, NGOs, energy companies, urban planners and developers, global technology leaders and representatives of city residents.

Smart Business Days @ Metropolitan Solutions 2016

The Enterprise Europe Network Berlin-Brandenburg in cooperation with Deutsche Messe and IHK Berlin will organise Smart Business Days 2016. You are welcome to participate in our various activities.

What is it about?

[Smart Business Days](#) will take place during [Metropolitan Solutions](#) Fair Trade 2016 in Berlin, Europe's congress trade fair for the Smart City Solutions. Smart Business Days will include:

- **B2B matchmaking sessions**
- **guided tours to innovative exhibitors**
- **site visits to the innovation hubs of the German Capital Region Berlin-Brandenburg**
- **information events, the so-called *Business Sessions***

The *Business Sessions* will focus on funding opportunities for smart city sector. SMEs, research organisations and clusters from the respective sectors will have the possibility to present themselves and their newest innovations during the sessions. Present your region, pitch your idea or learn about funding possibilities at our Enterprise Europe Network booth! If you would like to present your company with a pitch during the session let us know!

Smart Business Days are free of charge and open to all exhibitors and trade visitors.
